ZILLNER ELECTRONICS

Our linecard

PRODUCT GROUPS	INDUSTRIAL AMPHENOL	AXELERA	DEGSON	finder	IKP ELECTRONICS	LHE	MAGTRON	SOTOP	WINPIN
AI & SENSING									
AI accelerators & edge AI		●							
Embedded & server		●							
Current & residual current sensors							●		
SWITCHING & AUTOMATION									
Relays & solid-state relays				●					
Contactors (incl. high-voltage DC)				●					
Timer & monitoring relays				●					
Power supplies, energy meters, surge protection				●					
Controllers, I/O & building automation				●					
INDUCTIVE COMPONENTS									
Chokes, inductors & EMC filters					●				
Transformers & current transformers					●				
INTERCONNECT									
PCB & signal connectors	●		●			●			●
Wire-to-wire connectors	●					●			
Specialist connectors (audio, smart card, CEE)	●								
Circular, rectangular & heavy-duty connectors	●		●						
High-current, HV, PV & energy storage connectors	●		●						
Charging connectors & EV charging	●		●						
Wiring, PCB & DIN rail terminal blocks			●			●			
Cables, assemblies, contacts & accessories	●		●			●			●
Cable glands	●		●						
FANS & THERMAL MANAGEMENT									
Axial/radial fans & blowers (AC/DC/EC)								●	
Coolant quick-disconnect couplings	●								

● Product group in the manufacturer's portfolio

QUICK ENQUIRY

Can't find your component? Just ask us.

Our linecard shows a selection of our portfolio. Working with our manufacturer partners, we will find the right solution for your application.

Free samples
We are happy to provide samples.

01

Scan the QR code
It takes you straight to our enquiry form.

02

Add your requirements
Part number or manufacturer, quantity, target date and whether you need a sample.

03

Hear back from us
We check availability with our manufacturer partners and get back to you, including a sample offer if required.
